

Surveillance USB Camera

More Than Your Eyes Can See

BCP-202

The BCP-201 is designed for Personal and Home security surveillance applications. It is an ultimate security solution for your baby monitoring, health attendant as well as entrance surveillance. It also makes online chats and instant messaging more fun. You can share live video and still images with your families and over the internet instantly.

The BCP-202's motion tracking feature will focus the camera on the moving object on the screen. It acts like an alert system and can help viewer to notice something moving.

As an added bonus, the BCP-202 not only can sit on a table, but also clip on a laptop screen, or to a desktop monitor.
